PARKING STICKER APPLICATION — Maximum of 2 Vehicles

I, _____, understand that I must display my parking sticker in full view on the inside of the REAR driver's side window at all times. I also understand that this sticker is non-transferable and that I may only acquire a maximum of two permits for vehicles registered to my unit. (More than two vehicles must have an ON-STREET PARKING PASS, subject to board approval and available through Property Management for \$200.00) In the event of a change of vehicles, I must return the sticker received and have it replaced with a new sticker. I understand that I shall not receive a new sticker until the current sticker is returned or evidence shown that the sticker is no longer able to be returned.

This sticker permits me to park my vehicle in my garage and on my drive apron without blocking the sidewalks. On street parking is for guest parking only and all vehicles must display a special permit (NO TOW) issued by the Association through Management or the Board of Directors.

I understand that my vehicles are subject to tow at my expense if:

- a) The parking sticker is not permanently attached to the window.
- b) I do not park in the appropriate locations, or my vehicle blocks sidewalks, stop signs, parked on lawn, landscape pavers, etc.
- c) If my vehicle fails to comply with Village, State or Association Regulations; for example: expired plates, flat tires, or if the car is in disrepair or abandoned.
- d) Vehicle must be registered and licensed.
- e) If my car or a guest visiting me is going to be parked on the street for any reason, I will call management and "NO TOW" permit can be requested.

The information provided below is current and correct information to the best of my knowledge.
